

Congratulations

You are now the owner of the latest in lighting technology. Micro™ halogen lamp is the first low cost low voltage high tech lighting system. The lamp arm has interchangeable wireless sections that allow the user to assemble a long or short arm. Micro™ also has interchangeable bases; clip on or table top. Safe, economical with an intense white light equal to a 75 watt incandescent bulb but uses only 20 watts of (12 V) low voltage electricity. The halogen bulb lasts longer and never darkens with age or use. Like all Zelco products, Micro™ is made of the finest materials available and to the highest standards of craftsmanship. It can give you many years of trouble free use. Please read instructions before using it.

Instructions

see Fig. 1

1. Choose the base you will use: table top **E** or clip-on **F**.
 2. Attach the electrical connector **D** to selected base.
 3. Insert lamp head **A** into straight arm section **B** or flexible arm section **C** depending on arm length desired.
 4. Secure assembled arm with lamp head to electrical connector **D** making sure arm is seated properly.
 5. Plug U.L. approved AC adapter **H** into wall receptacle.
 6. Use switch **G** on line cord to turn on lamp.
- If lamp does not light, make sure halogen bulb is properly seated. It might have loosened in shipping.

How to replace halogen bulb

see Fig. 2

1. Turn switch off and unplug AC adapter from wall receptacle.
2. Allow lamp to cool for 5 minutes before handling bulb.
3. Pull old bulb straight out from socket as shown in drawing.
4. Insert new bulb by placing the bulb pins into both holes in socket. Make sure pins are properly aligned before firmly pushing in to seat.

The Zelco halogen bulb has a life expectancy of 2000 hours. If the Micro™ halogen replacement bulbs are not available at your dealer, send us \$10.00 (per bulb) to cover cost of bulb and handling. Please clearly print your name and address indicating replacement part number 10056.

Limited Warranty

Zelco warrants to the original purchaser of the "Micro" halogen lamp, that all components (except those noted below) will be free from defects in materials and labor for one year from purchase.

This limited warranty does not cover defects created by improper usage, such as use of improper voltage. Does not cover halogen bulbs or parts that become defective due to mishandling.

This warranty is limited to repair or replacement of the original unit.

This limited warranty is made only to the original purchaser of the "Micro" halogen lamp. It is effective only upon presentation of provable date of purchase. Send \$10.00 to cover freight and handling with your defective unit. (Outside continental U.S.A. write for shipping information.)

To protect your warranty rights and enable Zelco to serve you better, please fill in the attached post card and mail immediately to Zelco Industries, Inc.

THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF.
